Update: Traffic Alert

Court Street between Walnut & Main Closed Saturday for Power Substation Delivery

CINCINNATI – Both sides of Court Street between Walnut and Main will be closed tomorrow, Saturday, Nov. 22, from 7:00 a.m. to 5:00 p.m. for the delivery and installation of a power substation for the Cincinnati Streetcar.

In addition, traffic traveling southbound on Walnut between Central Parkway and Ninth streets and eastbound on Court between Vine and Walnut will be stopped for a brief period while the power substation is set in place.

Motorists traveling eastbound on Court Street will be detoured south to Walnut and east to Seventh and north on Main. Motorists traveling north on Main who want to access westbound Court Street will be detoured west on Central Parkway and south on Walnut. Detour signs will be posted and pedestrian access maintained.

This is the second of four substations to be delivered. The substations power the streetcar along its 3.6-mile route. The first is located at the streetcar's maintenance and operations facility on Henry Street in Over-the-Rhine. The others will be located on Pete Rose Way near Metro's transit center and on Race near Findlay Market.

For questions about streetcar construction, contact Dave Krusling at dave.krusling@cincinnati-oh.gov or 513-379-8108.

About The Cincinnati Streetcar

The Cincinnati Streetcar is a modern streetcar rail transit system intended to stimulate development, expand transportation options, and enhance livability by connecting key communities in and around the center city. The system, which is scheduled to begin passenger service in September 2016, consists of a 3.6-mile loop extending from The Banks to Findlay Market through Downtown and Over-the-Rhine.

Construction for the Cincinnati Streetcar is being carefully coordinated by the City of Cincinnati with its contractor, utility companies, Metro, and other partners to minimize disruption to residents, businesses and workers along the route. This transportation system seeks to bring more residents and more jobs to Cincinnati, creating a broader tax base to fund city services.

Information Updates

Construction schedules can change due to weather or unforeseen field conditions. For the latest information on construction affecting Downtown streets and sidewalks, check RoadmapCincy:
